This is a sample of the 82 page book called simply "Toon in'...", a book that documents one man's descent into mental illness only to find hope through a firm faith in God. There are three distinct sections of this book: descent into madness, Jim's debacles with a hilarious housemate, and cartoons drawn from 2008 to 2013 that detail everyday life living with a mental illness, anxiety, hypomania and depression. This book is sure to encourage and entertain any person who suffers with a mental illness with approachable, non-preachy faith based cartoons about God.

Jim Bures wrote these cartoons in an attempt to capture his daily life living with Bipolar Disorder I. It is his hope that this book will encourage and give hope to those struggling with any kind of mental illness. This book would make an invaluable contribution to any mental health organization as a part of your library or the perfect gift to a family member who is struggling with mental illness.

Worth more than gold!

So to sum up: I've had 33 jobs in 40 yrs. Once I made \$35/hr with \$36,000 in debt. I lost my condo and went bankrupt.

I've lasted 1.10 years in my current job, the longest I've had since 2005. I called in sick 14 times, but covered for 4 shifts. I earned 23.93 hrs of vacation time which was paid out at

the end of that year. If I'd used it as vacation, I'd have only taken 10 hrs unpaid.

I bought my own 1995 Toyota Corolla by waving \angle \$1500 in cash in front of the buyer. I lost 80 lbs. I paid for a flight to Colorado, all expenses www.jimbures. paid, for a wedding. I have a nice 1 br apt. I eat (23) very good organic food living within my means.
